COUNCIL HOLDS A LONG SESSION

Bond Matter Considered Briefly at the Outset.

BUCKLE - DOOLY DISPUTE.

It Lasted Until Eleven o'clock-With the End Still Not in Sightother Matters.

. the special meeting of the City Council called for last night, all of the members of that body were in attendance, except Councilman Edgar Howe, The session promised to be and was more tropical and interesting than any meeting of the city solons for many days. The proposition which it was expected would provoke the most warmth was the resolution of President Buckle, alling for the removal of John E. chairman of the board of pubworks, which was introduced at the st regular meeting of the Council, the tenor of which the public is quite tanillar with, On motion of Mr. Buckle man Thomas presided.

BUSINESS BEGINS.

There were four matters, however, soule! to come up for consideration st night's session, viz.: The passf an ordinance providing for a of bond to be issued to Farson, Leach & Co., of New York, for the \$500,000 issue of refunding bonds. The ordinance submitted by this firm had terred to City Attorney Stephwho handed it in to the Council night with a recommendation that

rasirom moved to amend the secn providing for the city to deposit th Farson, Leach & Co., at their lace of business in New York, \$10,000 for interest on the bonds, twice each hear, by allowing the city to make these deposits with Wells-Fargo & Co., at city, the latter firm to act as be city's agent. He couldn't see that there was anything before the Council.

BUCKLE'S CLAIMS.

Mr. Buckle claimed that the resolum made specific charges; that it has ole and he was prepared to tore the allegations contained in the solution and defend it. The request of Buckle on this head was denied.

on this head was denied.

Here Mr. Dooly broke in with an exclamation that "The gentleman's resolution contained a misjoinder of parties; it arraignes your Mayor instead of me as chairman of the board of public works, and I submit to the Council that no charges are made against me in he resolution proper."

He said he had only received the

resolution and not the whereas.

NO MORE EVIDENCE. Mr. Buckle stated that he would not produce any more documentary evi-lence at that time, but wished to place Mr. Dooly on the witness stand to ex-amine him. To this Mr. Dooly replied that he thought they were living in America where the law said a mata "was supposed to be innocent until proven guilty," and here Mr. Buckle wished to put the defendant on the

stand to prove the plaintiff's case. Chairman Thomas ruled that as Mr. Dooly was present he should answer such questions as Mr. Buckle and others might want to ask. QUESTIONS AND ANSWERS.

Mr. Buckle then questioned the board's chairman, asking if he was a director of the Utah Savings & Trust Co. "That has nothing to do with your resolution," was the reply.
"I'll ask you again, are you a director now of that company?"

"I decline to answer the question; be-ause it is not in the resolution," was Mr. Dooly's warm rejoinder.

At this point City Attorney Stephens said he thought Mr. Dooly ought to anwer the questions, which was secondd by the chair, After a time Mr. Dooly finally said he

is on file with the company, and I am not going to guess at anything." was Mr. Dooly's reply.
"Why did you sell your stock?" "I object to any further questioning on this line," responded Dooly. "I said that I would rather be out of

the company-to sell-than to have this annoyance," he concluded.
"Rather than to resign from the chairmanship of the board of public

works," suggested Buckle. MR DOOLY OBJECTS.

Here Mr. Dooly arose and said he would decline to be questioned further. "If he has any evidence to offer of my ineligibility as a member of the board I will rebut it, but I object to being driven from this office. I pay as much taxes as he does and have quite as much interest in the city's welfare as Mr. Buckle has, and surely no one will think that I have wronged the city, and if it can be proven that I have I will

Mr. Buckle claimed Mr. Dooly was there before the Council as a servant of the municipality and not as a private citizen, after which he asked the board's chairman why he resigned as director of the Trust company.

"I decline to answer that question; it would not be tolerated in any court in the land," hotly exclaimed Mr. Dooly.

At this stage of the proceedings, upon a suggestion coming from Mr. Dooly, to the effect that the city attorney had stated in his written opinion, given a few days ago, that inasmuch as Trust company was secured from loss in acting as surely on bonds for the contractors, an officer of the surety company had no interest in the success of such contractors, and therefore was not disqualified.

MR. STEPHENS' TALKS.

Mr. Stephens jumped to his feet and said he d.d "not want to be misunder-stood on this matter. If the surety company was indemnified," said he, "it then became a question as to the sufficiency of the indemnity; but if there was any doubt as to whether or not the security was good and sufficient, then in that event, doubt existing, an officer of the surety company would thereupon begin to have an interest in the success of the contractor, and hence become disqual-

DR. BEATTY'S VIEWS.

Dr. Beatty said he thought the investigation was proper; that its ethi-cal and well as legal aspects should be considered. It was not a question as to whether Mr. Dooly had wronged the city, but was he directly or indirectly nterested in the success of contractor who enter into contracts with the city He thought it would be a bad precedent to establish, even if the party com-plained against had done the city no eal harm, because later, if one was doing the municipality injury, under this precedent, it would be hard to proceed

Here Mr. Dooly jumped to his feet and reiterated that if Mr. Buckle had any evidence against him showing him to have been derelict in his duty as chairman of the board of public works let him produce it, but he objected to being asked questions concerning his private business.

DEBATE CHANGES.

Davis moved that the evidence be written and handed over to the city at-torney for consideration, with instructions to submit an opinion at the counnext meeting.

Fernstrom again stated that he fa vored returning the resolution to the maker. He said he did not believe in relying on technicalities, which was the only evidence produced so far in this case, and claimed if such a course be oursued nearly every councilman would

Beatty thought the investigation ought to proceed and objected to Fern-strom's attempt to choke it off. He believed Mr. Buckle was honest in his

Cottrell insisted that Mr. Buckle should have brought forth his charges ong ago inasmuch as he had been a member of the council for over a year, and not as soon as the mayor left the Hewlett was in favor of probing to

the bottom of the matter and ending it there and then. He said a great stir ad been created which should tled one way or the other. He be-lieved the best interest of the city would be subserved by removing both the city engineer and the chairman of the board of public works.

Fernstrom said he thought even Dr. entty was disqualified for acting as councilman, if the Council chose to be echnical. His reasons for thinking so were, that Dr. Beatty voted in favor of vaccinating people, and then would reap a benefit by fees for treating

Dr. Beatty said if this investigation was being had with reference to an-other gentleman by the name of "K," anxious to push it. Mr. Canning here took exception to Dr. Beatty only using the initial letter of the party's name to whom he referred, and insisted upon him giving the name of the man. This provoked laughter. Mr. Beatty said, however, that he was not referring to Mr. Canning.

Councilman Cottrell here interposed a question to the city attorney, which, according to the testimony brought out, was Mr. Dooly still disqualified? Mr. Stephens said, if the board's chair-man was not now an officer or stockholder in the Trust company, he of course would not be disqualified.

Robertson was very severe in his arraignment of Mr. Buckle, characterizing his motives as dishonest; that they were prompted by a bad spirit, and held, as Buckle worked for the Deseret he was as much disqualified as Mr. Dooly, and he moved that the resolution be returned to its maker.

Cottrell thought this was a little dis-courteous, and moved to amend by the ommittee reporting the resolution back to the Council, with a recommendation that it be not adopted. This motion carried: Beatty, Canning, Cottrell, Da-vis, Hartenstein, Hewlett, Thomas and Tuddenham voting aye; and Fernstrom, Howe, C. R., Reid, Robertson, voting

Dr. Reatty explained his vote by saying that as Mr. Dooly testified he was not now a director or stockholder in the Trust company, thus removing his disqualifications, he would vote for the motion. Mr. Buckle refrained from vot-The session lasted till 11 o'clock, when an adjournment was taken.

A Remedy for the Cure of Piles which has Met With Remarkable Success. There are many popular medicines

that are known in every household in There are blood purifiers, nerve tonics, headache powders, dyspepsia cures and cough cures which are sold in ev-

ery drug store. But all of these must divide popularity with many rivals, no one remedy has the field to itself, with the single exception of pile cures for it is a singu lar fact, that among the host of remedies, there is but one pile cure that can be considered as having a national reputation, without a rivar and the remedy referred to is the Pyramid Pile Cure which for seven years has steadily worked into public favor, by reason of its extraordinary merit and a method and a record of remarkable cures, until it is known from Maine to California and from Manitoba to the Gulf of Mex-

is true there are many pile remedies having a small local reputation for a year or two but the Pyramid Pile Cure has rapidly supplanted them all and really has the field to itself when anything like national popularity is considered.

The explanation is simple. It is because piles is in no sense an imaginary will cure, but an obstinate, painful and often dangerous trouble and a remedy to give satisfaction must possess positive and very apparent merit. A person suffering from piles will not experment for months with a remedy; it must give relief and a cure in short order or it is condemned. The worst cases of piles are relieved

on the first application, and being in suppository form is convenient to use and cures without interfering with daily occupation. Medical men use it in preference to

surgical operations because it is so safe and painless, and the cost, compared to benefit given is a mere trifle as all drug-gists sell it at 50 cents. If suffering from any form of piles, bleeding, itching or protruding a trial of the Pyramid Pile Cure, will cure you and add another to its thousands of

MEMORIAL SERVICES.

England's Departed Queen Honored in Salt Lake.

The memorial services in honor of England's late beloved queen, held at St. Mark's cathedral last evening, were most impressive and beautiful. The cathedral was filled to the doors with people of all creeds and beliefs, anxious only to show their reverence for Queen Victoria and assist in a fitting tribute to her memory.

The altar was draped in purple, the queen's mourning color, and adorned with beautiful plants and white flowers that shed their fragrance throughout the church from altar and chancel.

A special musical and devotional program had ben arranged for and the services were opened with Mendelssohn's "Consolation" on the organ by Prof. Peabody. The processional hymn was sung by the choir, assisted by the choirs from St. Paul's and St. Peter's churches. Then came the burial service and the Lord's Prayer, and the first lesson from the Psalter was read. The "Magnificat" (in C), the second lesson from the Psaiter, and Stainer's "Nunc Dimittis," (in A flat) were given and followed by the creed and ver-sicles. "I Heard a Voice From Heaven" was beautifully sung by a quartet and "March Fanebre" hopin's

dered on the organ.

The hymn, "Peace, Perfect Peace, was sung by the choir, and Dean Eddie paid a high compliment to the memory of the queen in his splendid address on "The Political and Moral Influence of Queen Victoria's Life." He took as his text Provebs xxxi, 29, "Many daughters

The higher and more responsible one's position, so nuch greater and lasting is his or her influence. As the good influence, caused by George Washington, is still felt af ter a century, so will the influence of the queen for peace, purity, and progress be lasting in its effect even though he is no more in this world.

The services were closed with the Re cessional hymn, and the prayers and benediction by Dean Eddie.
